Mallard Taking Off

By Ning Lin

This photo was taken from Woodward lake when I was kayaking. In order to get motion effect with clear head/eye in the image, I have tried different speed from 1/60 to 1/200. The successful rate to get a good image is very low. Lucky enough, I could capture this one during sunset with golden light. Canon R5, Canon 400mm/f4 lens with 1.4X Extender III (560mm), Canon EF to RF adapter. f/5.6, 125 sec, ISO 320, -0.3 step. Handheld (sitting in kayak)

Marlborough Tower Versailles

By Jim Sanderson

I was in Paris a few years ago and Houry and I went out to the Palace of Versailles for a day. This was in February and it was on the chilly side and a little hazy. We walked out to the Marie Antoinette's hamlet. The Marlborough Tower was one of 12 buildings made for the queen in the 1980s. It was built as a lighthouse originally to signal the main palace. Canon 7d, 24-105 at 32mm. ISO 800, f/11, 1/50s.

Yosemite after Snowfall

By Ning Lin

This image was taken from Swinging bridge in Yosemite National Park in the morning after snow-storm. Sony a7R4, Canon 16-35mm f2.8 at 22mm with Sigma MC-11 mount converter. 1/30 sec, f/8, ISO 100, on tripod.

Old Rusty Pickup

By John Greening

An old International Harvester truck that had been converted into a tow truck caught my eye as I drove through the town of Springville, east of Porterville in Tulare County. Walking around the truck I noticed the the right side had a nice collection of rust spots. There was a mirror, an IH brand emblem, and a latch for the hood. Including only the latch and the surrounding rusty areas created a simple, but appealing composition. The image was taken with an Olympus OM-D, Mark II mirror less camera and processed in Lightroom and Photoshop.

PSA Information

Are You a Member of the Photographic Society of America (PSA)?

"ADVANTAGES OF HAVING PSA MEMBERSHIP

PSA has a **Personalized Image Evaluation Service**. This service is especially helpful if the maker wants to have his/her skills evaluated, if the maker would like to know what constitutes an acceptable image in one of the PSA Divisions, or for previewing images before entering them in club competition or a PSA recognized Exhibition.

PSA also has an **Image Analysis Course**, which is helpful in judging ones own photos or becoming a certified judge.

These are free services offered by PSA to members. Need a Mentor? Go to <http://psa-photo/org.php?member-education-mentor-service>

PSA Galleries

PSA has several galleries on this website where members can share their photography with others.

PSA Member Galleries - For All PSA Members

Each State, Province, or Country may contain individual member galleries that showcase members' work. Individual images and bios in galleries may be updated by members as often as they would like. A list of available galleries is accessed from the left pane of this webpage, grouped according to PSA Member Area. They can also be accessed from a state/province/country and some chapter pages on the site.

Each PSA member can create a gallery of up to 6 images and a biography with a link to a personal web gallery. **Member galleries stay on the PSA site for as long as a member remains a PSA member in good standing.**

Summer BBQ is Back!
